Notice of Patent Fee Changes under the Leahy-Smith America Invents Act

SUMMARY: The USPTO is publishing this notice to specify the patent fee amounts that are in effect on September 26, 2011, by operation of the fifteen percent surcharge provided for in section 11(i) and the prioritized examination fee provided for in section 11(h) of the Leahy-Smith America Invents Act (Pub. L. 112-29). This notice also specifies the additional fee for applications not filed by the USPTO’s electronic filing system (EFS-Web) that is in effect on November 15, 2011, by operation of section 10(h) of the Leahy-Smith America Invents Act.

DISCUSSION: Sections 11(a) through (e) of the Leahy-Smith America Invents Act generally codify the patent fee provisions of the fiscal year 2005 Consolidated Appropriations Act (Pub. L. 108-447), with the patent fee amounts in effect on the date of enactment of the Leahy-Smith America Invents Act. Sections 11(a) through (e) of the Leahy-Smith America Invents Act also delete provisions pertaining to applicant-provided search reports and search reports acquired from a qualified search authority, and reorganize a few of the patent fee provisions of the fiscal year 2005 Consolidated Appropriations Act. The Leahy-Smith America Invents Act includes the following additional changes to patent fees:

First, section 11(i) of the Leahy-Smith America Invents Act provides that there shall be a surcharge of 15 percent, rounded by standard arithmetic rules, on all fees charged or authorized by 35 U.S.C. 41(a), (b) and (d)(1), as well as by 35 U.S.C. 132(b). Section
11(i) also provides that this 15 percent surcharge is effective ten days after the date of enactment of the Leahy-Smith America Invents Act (i.e., September 26, 2011).

Second, section 11(h) of the Leahy-Smith America Invents Act includes provisions for prioritized examination, which include a fee of $4,800 ($2,400 for small entities). Section 11(h) also provides that the prioritized examination provisions are effective ten days after the date of enactment of the Leahy-Smith America Invents Act (i.e., September 26, 2011). The prioritized examination provisions of section 11(h) of the Leahy-Smith America Invents Act are being implemented in a separate final rule making.

Third, section 10(h) of the Leahy-Smith America Invents Act provides that an additional fee of $400 shall be established for each application for an original (i.e., non-reissue) patent, except for a design, plant, or provisional application, that is not filed by electronic means as prescribed by the Director of the United States Patent and Trademark Office (USPTO). Section 10(h) also provides that this fee is reduced by 50 percent for small entities under 35 U.S.C. 41(h)(1). Additionally, section 10(h) provides that this new fee is effective sixty days after the date of enactment of the Leahy-Smith America Invents Act (i.e., November 15, 2011).

The USPTO is publishing this notice to specify the patent fee amounts that are in effect ten days after the date of enactment of the Leahy-Smith America Invents Act by operation of the fifteen percent surcharge provided for in section 11(i) and the prioritized examination fee provided for in Section 11(h). This notice also specifies the additional
fee for applications not filed by electronic means in effect sixty days after the date of enactment of the Leahy-Smith America Invents Act by operation of section 10(h).

The fees for the new programs provided for in the Leahy-Smith America Invents Act (e.g., post-grant review, *inter partes* review, supplemental examination) and other fee changes authorized by the Leahy-Smith America Invents Act will be implemented in separate rule makings.

*I. Fee Rounding:* As provided for in section 11(i) of the Leahy-Smith America Invents Act, the adjusted patent fee amounts were rounded by applying standard arithmetic rules. For years, the USPTO has utilized a method of rounding whereby fees for other than a small entity of $100 or more were rounded to the nearest $10, and fees for other than a small entity of less than $100 were rounded to an even number so that any comparable small entity fee will be a whole number. *See, e.g.*, Patent Fees, 55 FR 49040 (Nov. 26, 1990) (interim rule) (implementing identical surcharge language pursuant to the Omnibus Budget Reconciliation Act of 1990); *see also Revision of Patent Fees for Fiscal Year 2005*, 69 FR 52604 (Aug. 27, 2004) (final rule) (adjusting certain patent fee amounts to reflect fluctuations in the Consumer Price Index); *Revision of Patent Fees for Fiscal Year 2007*, 72 FR 46899 (Aug. 22, 2007) (final rule); *Revision of Patent Fees for Fiscal Year 2009*, 73 FR 47534 (Aug. 14, 2008) (final rule).

*II. Applicable Fee Amount:* The applicable fee amount is the fee amount in effect on the day the fee is paid in full. The day a fee is paid is the date of receipt of the fee payment in the USPTO under 37 CFR 1.6, or the date reflected on a proper certificate of mailing or
transmission for the fee payment, where such a certificate is authorized under 37 CFR 1.8. Use of a certificate of mailing or transmission is not authorized for items that are specifically excluded from the provisions of 37 CFR 1.8, e.g., the filing of a national or international application for a patent. See 37 CFR 1.8(a)(2). The date of receipt under 37 CFR 1.6 of patent-related correspondence delivered by the “Express Mail Post Office to Addressee” service of the United States Postal Service (USPS) is the date of deposit of the correspondence with the USPS. See 37 CFR 1.6(a)(2) and 1.10(a)(1). The date of deposit with the USPS is shown by the “date-in” on the “Express Mail” mailing label or other official USPS notation. See 37 CFR 1.10(a)(2).

Applicants are encouraged to provide authorization in the application file to charge fees to a specified Deposit Account to avoid insufficient payment of fees due to inadvertent payment of fee amounts that are in effect on September 25, 2011, instead of the fee amounts effective September 26, 2011. Authorization to charge patent fees by reference to Code of Federal Regulations (CFR) section will be treated as authority to charge the applicable patent fee amount in effect by operation of the Leahy-Smith America Invents Act.

III. Micro Entity Reduction: The micro entity reduction provided for in section 10(b) of the Leahy-Smith America Invents Act for micro entities as defined by new 35 U.S.C. 123 applies only to the fees set or adjusted by the USPTO under section 10(a) of the Leahy-Smith America Invents Act. Thus, the micro entity reduction is not applicable to any of the fees shown in Tables 1-6 or any fee currently in effect.
IV. Table of Fees: The changes to the fee amounts currently indicated in 37 CFR 1.16 are shown in table 1. Note that the fees effective September 26, 2011, are listed in the right columns of Tables 1-6 and are fifteen percent higher than the fees listed in the column to the left due to the fifteen percent surcharge provided for in the Leahy-Smith America Invents Act. The column to the left titled “October 1, 2010 Amount” shows the fees in effect from October 1, 2010 - September 25, 2011. The small entity reductions in fees under 35 U.S.C. 41(h) are available under the conditions specified in 37 CFR 1.27.

Tables 1-6 in this notice do not comprise the entire USPTO fee schedule because only fees affected by the fifteen percent surcharge are listed. The entire USPTO fee schedule in effect as of September 26, 2011, is available on the USPTO’s Web site (Revised USPTO Fee Schedule effective September 26, 2011).
