Presentation to
USPTO PCT Taskforce
Public Meeting
January 13, 2010

Three Challenges

Challenge 1

Create a vision wherein the PCT is viewed as an important part of the patent process to aid applicants wishing to internationalize their inventions.

Three Challenges

Challenge 2

To significantly improve the quality and usability of the PCT search reports, written opinions and preliminary examination reports for national examinations in the US and abroad.

Three Challenges

Challenge 3

**To use the PCT to help the USPTO
reduce its backlog.**

Thank you
