---

Director Iancu,

I support your proposed change to the Claim Construction Standard for interpreting claims in Trial Proceedings before the Patent Trial and Appeal Board. I do not think any result of a trial in a Federal Court that is decided by a jury of peers should ever be subject to an appeal to the Patent Trial and Appeal Board. That is double jeopardy for inventors in our great country. Please do not bend to the pressure from big corporations to scuttle this proposed change. Please make the rule change effective for all cases currently before the Patent Trial and Appeal Board.

Regards,  
Alan Freeman
