Subject: Detroit USPTO

Dear Azam:

I write to express my support to the USPTO in your efforts to open the USPTO satellite office in Detroit.

I am a patent attorney with over ten years of experience as an engineer in the automotive industry, and over ten years of experience in patent law. I've worked for GM, Ford, Wilmer Cutler & Pickering in DC, and now Reising Ethington here in metro Detroit and Texas.

If there is anything I can do to help make your Detroit office opening more successful, please do not hesitate to ask.

Good luck!

Best regards,

Steve
